

TELE-LIFT vs. RACK and PINION

TELE-LIFT is.....

Smoother operating
Extremely Quiet
Easy to program end stops
Not bulky
Easy to install

With the TELE-LIFT.....

Wires are easier to manage
There are NO pinch points for cables
No chance of your TV creeping down while your watching it
You get no vibrations while moving your TV
You get the lowest retracted profile

The TELE-LIFT is the NEXT GENERATION in LIFTS JOIN US!!
